

ecostream

from Canteen Refreshment Services

Help your employees make healthy beverage choices with EcoStream.

Canteen Refreshment Services is your partner in implementing workplace programs that are earth, body and community friendly. In support of that partnership, Canteen Refreshment Services is excited to bring your employees EcoStream, the only fully-certified water filtration system that is environmentally friendly, safe and delicious.

- LED Filter Monitor ensures that your water is always as pure as possible. No risk of forgetting to change the filter.
- Built In Leak Detection ensures that you're facility stays safe. No worries about leaking
- Energy Star and TUV Certified
- No more bottles! Did you know that it takes three times the amount of water to produce the bottle as it does to fill it? With EcoStream you eliminate the bottles! No more storing those bulky cases or having to recycle all that plastic.
- Optional In-Tank UV Sanitization ensures the safest, cleanest water possible
- Employee Safety
 - Filter Monitoring System
 - IN Tank UV
 - Anti Microbial coating

EcoStream: A "Balance" Option

Canteen Refreshment Services is committed to Balance, the Compass Group initiative emphasizing moderation and encouraging healthier lifestyle choices. Balance links elements of wellness, sustainability and humanity, supporting lifestyles and behaviors that can be maintained for the long-term. Balance offers healthier choices, promotes active living and delivers information and decision essentials that enable customers to make knowledgeable choices.
